

# *The Black Mass*

## *Introduction:*

The Black Mass exists and has existed as nemesis to the Judeo-Christian church since their beginnings. I cannot back this up with a lot of history save to say that every action produces an equal and opposite reaction, thus the Black Mass in opposition to the Mass of Christ. As will be explored a bit more fully in the Call to Arms, we see the Judeo-Christian force as a force geared toward the manipulation of humankind into a herd, or sheep. This mindset is a perfect condition for the masses to be in for those who seek to control or create a drone society for the purpose of serving the few. Not that this idea is bad in itself, as long as we are not on the bottom of the pyramid!

The Black Mass itself is a psychological and spiritual front, a small battle to be enacted in times of need or desire to aid in the destruction of the Judeo-Christian current. The more this Mass and Masses like it can be performed the weaker the opposition gets. The rituals of the church are already weakened by their lack of intense magickal technique. Though do not think they are weak enough, for their magick is dangerous if for no other reason than that they don't even know that they are practising. You can see this in the Pentecostals speaking in tongues, the servitude of the congregations, and the blind faith with which this false god is glorified daily.

Satan is the antithesis not the antichrist. The person Jesus, should he have actually walked the Earth, I will say now was of us, not them. He was a rebel, necessarily putting him in league with Satan the "adversary." He was likewise a magician if he performed even one tenth of what is professed that he performed. Needless to say, the Christ of the church and the man Jesus are not the same. Any one of us could come up into the world, as a Jesus or antichrist should we so choose. And we have. Though we choose not to allow ourselves the intensity of persecution. It was the Judeo current that killed the magician, and now the Christian current that glorifies the magician's death. That magician is us, seers of visions, performers of magick (or miracles as they would have you believe.)

The Black Mass should be thought of as much more than just a freeing up of the bondage of old Christian conditioning, it is likewise a bomb planted in the etheric current if you Will. I encourage all who perform this Mass and any in the future to see it in this latter way. As we for the most part are free by nature, we must aid in the freeing of the wolves who have been brainwashed into acting like sheep.

## *The Satanic Call to Arms:*

Satan represents, in this call to spiritual arms, the adversary, the first rebel, the seed-bearing core of the fruit of human knowledge. We stand in this resistance as pillars of light, guarding the gates of intellectual, spiritual and physical freedom. We call upon Lucifer, the bearer of light, not only as our guide through this wilderness of the intellectual Dark Age, but also as a spotlight upon our enemies. It has come through this shedding of light that the true evil is any force that suppresses the individual from expression of himself in any form. This force has come to be known in this age of insanity as good, light, republic, and most disturbingly of all -- Christian.

The Satanic current being called through this work is the opposing force to all these lies parading themselves as truths and light. It is this current that shall shed light on the truth of all truths concerning this rebellion. This truth is that black is white and white is black. The most evil forces on this planet cloak themselves as forces of good and righteous activity. While on the exhale they bless and heal, on the inhale they condemn and curse.

For centuries this evil force has openly committed the most horrific crimes against humanity. Right out in the open they have destroyed everything and everybody that they saw as different or threatening to their conspiracy against individuality. And to this day, oppression reigns as not only the expected norm BUT AS GOOD!

How is it that entire societies have been so brain washed as to not see this blatant lie? How is it that we can shed light onto this evil to little affect, but be persecuted or worse if we shed it upon ourselves?

No, it is not on Satanism that this rebellion needs shedding light upon, but shedding light on the true evil of oppression. Why should the rebellion defend itself against the very minds it seeks to illuminate? What is Satanism's heart but rebellion? We should sternly and aggressively be the offensive party in this struggle. We should not bow to the kneeling posture of defense. Defense is the first sign of weakness and vulnerability. We have nothing to defend and EVERYTHING TO EXPOSE!

## ***SIN:***

The nature of sin is guilt. In accepting this Satanic current we must likewise accept responsibility for our own actions. We must overcome this thing called guilt. If we as humans could become free of guilt then we could likewise become sinless. By becoming sinless we also earn the right to cast the first stone.

Judgment is a human ideal. It is not through gaseous intellect in the sky that we are judged, but by our own minds. When we have judged ourselves innocent of all crimes against body, mind and soul, then and only then will we be worthy to sit as judge of others. Judgment is a vital part of survival. We must judge daily the actions of others to preserve the sanctity of our own space. Should we not do this we may find ourselves covered in the mental leprosy of lesser beings than ourselves, and thus severely hindered in our own work. The only true and just judge is the guiltless judge. For how can the guilty judge accurately and for their own best interest?

"How can I achieve this guiltlessness?" you may ask. To achieve a guilt free existence we must come to an understanding within ourselves. We must recognize the one and only sin. That one sin is oppression. Oppression in any form is the only sin due to its potential to destroy one's Will. Will is or can be likened, in this Satanic Philosophy, to the Soul. If a human contains anything that makes it superior to animal, it is that and only that it has the free Will to act against its own nature in the form of oppression.

Oppression stifles the creative forces that are an inherent part of being gods or goddesses of this plane. Oppression of another creative force is likewise just as vile, for the free flow of creation is the factor that separates a village from a herd. Should we be no more than mindless drones doing the bidding of another, we likewise are no better than sheep being led to sheer or slaughter. It is likewise oppression of the self to oppress another. By oppressing the creative Will of another human you take ultimate responsibility for that human's actions or non-action, and that, my brothers and sisters, is a burden. Burdens are the things of weight and weight slows down the Will.

Once one is assured that they are not acting as oppressor in any form, they can then be assured that they are sinless. If one does not suppress ones urges or desires, nor the urges and desires of another then how can they be guilty? If they still feel guilt, then they are still being oppressed. This type of oppression is the most illusive, for it is second hand and deeply ingrained in the subconscious mind. There are two sources for this oppression, one is the doctrine and the other is law. These both are mere illusion. Only if one is still allowing these things to act in the mind can they affect the mind. Sometimes it takes severe shock to shake loose these chains. The Black Mass is one of these ways. Other ways include blasphemy, blatant acts of anarchy, and / or self-hypnosis in the form of ritual or meditation. This is ultimately a self-imposed oppression, created simply by belief.

Escape all doctrine!

Escape all Law!

Scream ANARCHY from the depth of your Will!

And you shall be FREE of all sin

FREE to live again!

2. Priest and Priestess in turn perform the Osculum Infame and then go to sign the contract. This done, participants begin reading the Reyarp S'drol:

### ***Reyarp S'drol***

And one by one perform the Osculum Infame and sign the book in turn. The Priest and Priestess read the Hymn to Baphomet projecting Chaospheres into the intended invokee. When this process is completed the invocation should be in full swing, if not continue the reading and chanting until it is done.

### ***Hymn to Baphomet***

Come to us blessed child of Samael and Lilith.  
With the hooves of a goat  
Two horns upon thy head  
The breasts of Aphrodite  
The penis of Pan  
And the wings of the Vulture.  
Come to us, you who hast forever been dancing through the  
Vibration of space and time  
The chaotic music of all creation,

BAPHOMET,

Come to us in all your glory,

Blood matted in the beard upon your chin.

Teach us of thou who hast performed the rights of the most ancient

Illuminatus and who doest even now secretly adore you, even with

Your consorts of human flesh, yea even they who perform the

Rituals of sex and death,

Far above the reaches of our imagination.

Who has embraced the harmony of beauty and foulness.

BAPHOMET, BAPHOMET,

IO

BAPHOMET.

Standing upon the highest peak of Earth

Shaking your ass that its flaxen wonder might envelop the planet.

Dancing upon the ignorant masses

Watching the progress of your world.

The perfect evolution of all things.

Wind your way quickly through the etheric jungles.

The legions intoxicating themselves on thy pungent ejaculation of energy.

Razored teeth ripping the flesh from thy enemies,

Roaring with delight in your every victory.

There is not one who can endure the power of your wrath.

BAPHOMET, BAPHOMET,

IO

BAPHOMET

It is the evening of the day that your pleasure is fulfilled.

The very lord of ecstasy:

BAPHOMET

Your watchful eye never losing sight of truth.

Come with Naught but infinite rapture.

By our dark pools gather the demons of your dark horde.

The drink from the pool of blood, the water of life.

Singing hymns of indescribable discord unto the goat-headed

master of ALL.

BAPHOMET, BAPHOMET

IO

BAPHOMET

With the skin of the unworthy human upon your back, join us in

Orgiastic rebellion

Great BAPHOMET dance.

We hear your laughter ringing through space and time

Your motion reflecting that of infinite perfection.

In this sacred temple do we cast ourselves before the altar of your benefaction.

BAPHOMET, BAPHOMET

IO

BAPHOMET

And though a jewel to behold, your monstrous face filled the world

With a great fear and disgust.

They fled in their flocks to hide in the darkness of the lie, and

Sought to destroy you.

Yet, unto our eyes, your face did not appear as a light in a dark wood.

We hid you tightly guarded in the temples of secret societies,

And occulted upon the altars of most powerful majesty.

Even so that the flocks might unknowingly stand forever in awe of you.

You were named BAPHOMET for you had indeed been the most  
perfect of all the gods and goddesses that had dwelt within the  
temples of man.

Thus we call you into this temple, into this vessel.

Even as you sit and watch the very passing of the Eons,

Come to us now and oversee this work.

BAPHOMET, BAPHOMET,

IO

BAPHOMET!

3. As the participants finish they should then go to their spot in the circle. The finished product will be a circle of people around the center altar which is arranged in the pentagram within a pentagon.

4. Baphomet should be fully invoked at this time and have been informed of the proceedings with these or some such words:

"Great Baphomet, we have called you to witness these proceedings, and to bind ourselves by contract to the Satanic rebellion, we ask that you accept this contract by signing your hand and seal upon this spot."

5. A man and a woman should be brought forth into the circle at this time. The participants at the outside of the circle should with their left hand begin fondling the genitalia of the person to their left. The man and woman brought into the circle should take the effigies, the man the virgin and the woman the Jesus, and begin masturbating with them. The man should ejaculate upon the virgin and the woman orgasm with the Christ inside her, if possible. During this time it is likewise encouraged that the participants orgasm as much as possible, making sure any fluids are cast into the circle, if possible. If not possible then at least focusing all gnosis from the orgasm into Baphomet.

6. During this process the Priestess and Priest should go to Baphomet and stimulate the deity by touching and caressing the body as Baphomet may wish. At the very least if Baphomet desires or accepts no touch they should remain at Baphomet's side observing the blasphemy and / or participating in any way they see fit.

7. During this time the Priest or Priestess can be reading M-Lasp 23, as many times over as needed until this portion of the rite is complete.

8. When the male and female have completed the blaspheme they should leave the effigies on the altar and take their new places as children of Baphomet. They, in this position, represent all of us participating in the Mass. There they are to fondle or be fondled by Baphomet.

9. The participants may continue their touching, as deeply and passionately as they may wish, those who are idle should read the M-Lasp 23. During this time Priest and Priestess begin the deconsecration of the sacrament.

10. The Priest should take in his left hand an apple and in his right the crucifix saying:

"Taste the flesh of knowledge, Kill the flesh of ignorance!"

With that he smashes the crucifix on the floor.

11. The Priestess now produces a bottle of wine in her left hand and the virgin image in her right saying,

"Drink the blood of ecstatic power, lay waste to the blood of innocence!"

She then smashes the image of the virgin to the floor, and pours a bit of OV in the wine if it is obtainable.

12. The Priestess drinks first from the bottle and then gives it to the priest and the Priest takes a bite from the apple and gives it to the Priestess to bite from. Next, the Priest and Priestess offer the sacrament to Baphomet, who may or may not receive. Then it is offered to the children.

13. The Priest and Priestess now administer the sacrament to the participants who may or may not stop what they are doing. The Priestess holds the apple for the participant to bite of and the Priest pours a bit of wine into the mouth of the participant.

THE MASS IS DONE.

Note: All and any sexual gnosis can be replaced by pain gnosis, and / or any other form of gnosis the participant may be inclined to perform.
